Co. Reg. No.: 199600023D

From: ISS Equipment Pte Ltd

To: Victory Petroleum Trading Pte Ltd

**ISS Equipment Pte Ltd**, as the supplier for sample bottles to **VICTORY PETROLEUM TRADING PTE LTD** would be providing on the following specification:-

Type: Sample Bottle 1 Litre

Material: High Density Polyethylene (HDPE)

Weight : Approx 8gm per 100ml bottle capacity

Security: Bottle and cap comes with tamper proof function availability

This is in compliance to the SS600 code of bunkering, that specifically requested for the following:-

**Material:** Made of High Density Polyethylene

(SS600 – Page 51, Annex I, Clause I.4a1)

**Weight:** Minimum material weight of sample bottle shall be 8 g per 100 ml bottle capacity

(SS600 – Page 51, Annex I, Clause I.4a2)

**Security:** The sample bottle and its cap shall be tamper-proof, can contain a minimum of 2 security seals to prevent the cap from being prised off

(SS600 – Page 51, Annex I, Clause I.4C3)

This report (dated 10<sup>th</sup> February 2016) is written to the best of our knowledge with reference to SS600 code of bunkering.
